

Inside the Foreclosure Funnel: What the 2025 Market Reveals About the Next Housing Shift

Explore how the next housing cycle is forming as we approach 2026.

BOCA RATON, FL, UNITED STATES,
November 20, 2025 /
EINPresswire.com/ -- Foreclosure.com,
the largest distressed property listing
provider on the web, is sponsoring a

series of video interviews with local area real estate experts across the country to discuss their housing markets and where opportunities lie in the foreclosure, pre-foreclosure, short sales, tax liens, bankruptcy homes and, other distressed asset types.

Tim Jones, National Sales Manager for Foreclosure.com recently sat down with Christian Walsh, a licensed broker and housing market educator, to break down the "Foreclosure Funnel" - a simple yet powerful way to visualize how distressed properties flow through the system and where investors can find early signals of opportunity. The U.S. housing market is entering another pivotal phase as we approach 2026. Mortgage rates remain volatile, inventory is tight in most regions, and affordability continues to pressure both buyers and sellers.
